Della One Plus 275 gal 4033275

### Description

Della 1 Plus is a 1% titratable iodine post dip for use in reducing new intramammary infections in dairy cows. Delivering 8% glycerin combined with Aloe Vera, Della 1 Plus™ performs better than other conventional teat dips that contain just 10% glycerin. This unique technology won't strip precious skin oils away, but leaves them on skin to combine with the glycerin promoting healthy supple teat skin.

### Features/Benefits

- 1% titratable Iodine proven germicide for effective mastitis control.
- Ready to use.
- Ideal for year round use.
- Field proven, reliable formula.
- Aloe Vera combined with glycerin conditions skin, leaving healthy supple teats.
- Gentle to cows teats.
- Higher potential for milk quality premiums.
- NPE free.
- VMS compatible.
- Multiple applications: dipped or sprayed.
